## 内容概要

"It would be difficult to overstate the standing of the authors. Many HERU alumni are among the most highly esteemed health economists in the world." - Steve Morgan, University of British Columbia This is a series of essays to mark the 25 anniversary of HERU. Existing and former HERU staff write about their special interests and work records. This book addresses many current policy issues which exist in the Scottish (and English) National Health System. HERU is one of the leading health economic institutes in the UK Contributors are all distinguished members of the health economics community Covers a wide range of issues that are relevant to the application of health economics now and into the future.
