内容概要

Eye Essentials is a new series of texts which provides authoritative and accessible information for all eye care professionals, whether in training or in practice. Each pocket guide is both a rapid review tool for students and a handy clinical reference guide for practitioners. With features such as tables, key bullet points, clinical pearls, practice pitfalls, summaries, action icons and stunning full color illustrations, this series has rapidly established itself as an excellent source of essential information for today's readers.

Practical advice Evidence-based
Highly designed, modern with boxes, tables, synoptic text Very practical - with highlighted advice sections for patients, handy tables
White-coat-pocket book Key opinion leaders for authors - not contributed so
consistency of style and presentation Competitively priced Pulls the information together in one place
very briefly Well illustrated
