《Queen and Country (尽

内容概要

Marking the Golden Jubilee, award-winning writer and journalist William Shawcross reveals an intimate portrait of the Queen, and an absorbing study of the changing face of the monarchy and of Britain during the past half-century.

A richly illustrated, well-written biography of England's reigning monarch, now celebrating 50 years on the throne. (Kirkus Reviews)

The BBC deserve great credit for producing such a sumptuously illustrated book . . . well-argued and impressively buttressed with sound historical commentary

Excellent

A remarkable story . . . engagingly told
