## 《中国经济学人(第二期)》

### 精彩短评

- 1、书很不错，纸质和很好。这本杂志还是很有用的，能给我们一些关于经济的信息。而且，全英文的读物对于提高英语能力很有帮助
- 2、这个和<The Economist>是两回事...中国人自己写自己发的...
- 3、就是我一买就降价了，，，，不过书质量蛮好的
- 4、整合度很高，是本了解经济基础知识的书。可以学到不少的知识。

### 精彩书评

1、 The Chinese economy has been growing briskly for more than two decades and is forcefully changing the global economic pattern. It seems that the world was ill prepared for such dramatic changes in China. This has made it even more necessary for China to understand herself and to deepen her knowledge of the rest of the world better. Thus, it has become an international trend to study China and to explore the global meaning of the China phenomenon. However, despite the fact that learning Chinese as a foreign language is in vogue throughout the world, few foreigners can read Chinese articles without difficulty. China Economist, therefore, comes in handy for our foreign readers as an English periodical that focuses on economics and business management as well as on other fields of social sciences in China. 包年优品<http://cnjingjixueren.baonian.net/>
