There is no doubt that Dr. Sun Yat-Sen is the greatest man that I ever known in my whole life. He set up the Republic of China , so we call him our National Father. He was devoted to the revolution about forty years. His aim was to liberate China from the hands of the Manchu Dynasty. He had not met with result , but he was not discouraged at all. As a result , he accomplished his end in the long run. To sum up , his strong will and indomitable spirit are worth our worship and imitation/worshiping and imitating.
