

《放射医师病理学》

图书基本信息

书名：《放射医师病理学》

13位ISBN编号：9780323018937

10位ISBN编号：0323018939

出版时间：2004-2

出版社：Elsevier Science Health Science div

作者：Mace, James D./ Kowalczyk, Nina/ Evans, Kevin D. (CON)/ McCarthy, Beth (CON)/ Pfeiffer, Bryan (CON)

页数：404

《放射医师病理学》

内容概要

This well-illustrated textbook presents a concise, "essentials" approach to the pathologic processes most likely to be diagnosed using medical imaging. It familiarizes readers with the radiographic appearance and origins of the disease or injury, as well as the likely prognosis, in order to produce radiographs of optimal quality. Organized by body system, each chapter begins with an explanation of anatomy and physiology before moving on to imaging considerations. This edition includes the most current information on new imaging techniques such as MRI, CT, ultrasound, and PET scanning. Instructor resources are available.

书籍目录

1 Introduction to Pathology Pathologic Terms Disease Classifications
2 The Skeletal System Anatomy and Physiology Imaging Considerations Congenital and Hereditary Diseases Inflammatory Disease Metabolic Disease Vertebral Column Neoplastic Disease
3 The Respiratory System Anatomy and Physiology Imaging Considerations Chest Tubes, Vascular Access Lines, and Catheters Respiratory Failure Congenital and Hereditary Diseases Inflammatory Diseases Neoplastic Diseases
4 The Abdomen and Gastrointestinal System Anatomy and Physiology Imaging Considerations Congenital and Hereditary Diseases Inflammatory Diseases Esophageal Varices Degenerative Diseases Bowel Obstructions Neurogenic Disorders Diverticular Diseases Neoplastic Diseases
5 The Hepatobiliary System Anatomy and Physiology Imaging Considerations Inflammatory Diseases Metabolic Diseases Neoplastic Diseases
6 The Urinary System Anatomy and Physiology Imaging Considerations Congenital and Hereditary Diseases Inflammatory Diseases Degenerative and Metabolic Disease Neoplastic Diseases
7 The Reproductive System The Female Reproductive System Anatomy and Physiology Imaging Considerations Congenital Abnormalities Inflammatory Disease Neoplastic Diseases Uterine Masses Breast Masses Disorders During Pregnancy The Male Reproductive System Anatomy and Physiology Imaging Considerations Congenital Abnormalities Neoplastic Diseases
8 The Cardiovascular System Anatomy and Physiology Imaging Considerations Congenital and Hereditary Diseases
9 The Hemopoietic System
10 The Central Nervous System
11 Traumatic Disease
