《1000款灯具设计 1000 Light》

内容概要

Light up your life: Luminary design since the invention of the light bulb. Designed to be a companion to the classic title 1000 Chairs, this edition contains an awesome selection of over 1000 lights. Presented chronologically by decade are history's most interesting electric lights, from Edison's first light to Tiffany's beautiful leaded glass shades to completely outrageous designs from the late 1960s and 1970s to the latest high-tech LED lamps. All major styles are represented here—Arts & Crafts, Art Nouveau, Art Deco, Modern Movement, De Stijl, Postwar, Pop, Radical, Post-Modern, and Contemporary—in 704 pages of truly illuminated works. This definitive reference work is a must-have for collectors and design fans.
