《眼科精粹》

内容概要

Eye Essentials is a major new series which provides authoritative and accessible information for all eye-care professionals, whether in training or in practice. Each book is a rapid revision aid for students taking higher professional qualifications and a handy clinical reference guide for practitioners in busy clinics. Highly designed with synoptic text, handy tables, key bullet points, summaries and stunning full-colour illustrations, the books have rapidly established themselves as the essential eye-clinic pocket books. Authoritative, evidence-based information from world opinion leaders Highly designed, modern with boxes, tables, synoptic text, clinical pearls, practice pitfalls and clear action icons Very practical - with highlighted advice sections for patients, handy tables Pulls the information together in one place very briefly Well illustrated
