《Class Picture Day班级照》

内容概要

It's picture day at school, and these kids are ready! Each student in the class greets the camera in a unique way—no "cheese" for this silly group. Kids will love the fun rhyming text and quirky illustrations in this storybook and photo album. And with ten page of blank photo frames, 36 photo corner stickers, and 60 speech bubble stickers, creative kids can add and decorate their own photos and those of their friends. This creativity-inspiring novelty book is sure to please even the most camera-shy.
