《不列颠指南The Rough Gui》

内容概要

Seasoned Rough Guides writers set off to their own backyard, leaving no pub, B&B, castle, abbey, stone, or scone unturned. The homespun wit and surprising candor bring a unique insider's perspective to the region, surpassing even the highly praised previous editions. Included are up-to-the-minute recommendations of the best places to stay, eat, and drink in England, Scotland, and Wales, from those who really know. 16 pages of color photos. 72 maps. --This text refers to an out of print or unavailable edition of this title.
